

ako osnovna funkcija Istraživačke stanice Petnica nije naučnoistraživačka delatnost, već obrazovanje kroz istraživanje, činjenica je da je poslovični kvalitet obrazovnih programa Stanice posledica aktivnog angažovanja petničkih profesionalaca u širokom spektru istraživačkih projekata i njihovog permanentnog i aktivnog prisustva na ključnim naučnim i stručnim skupovima u zemlji i inostranstvu. Naravno, da ima više para i tehničkih mogućnosti, ozbiljnog istraživačkog rada bi bilo više, no lepo je pohvaliti se da je petnički profesionalni tim objavio čak **47 stručnih i naučnih radova** u 2001. i 2002. godini. Ovde se ne računa popriličan broj radova stručnog karaktera objavljenih u štampi i drugim informativnim medijima, kao i radovi objavljeni u sopstvenoj produkciji.

Bilo bi pošteno ovoj listi dodati i sjajne radove mladih polaznika petničkih obrazovnih programa od kojih jedan deo predstavljamo na stranama 40 i 41 a jedan deo se, naravno, objavljuje u petničkim Zbornicima radova.

- ❖ POSTUPAK ZA ODREĐIVANJE POLJA TEMPERATURE KOMPARATIVNOM METODOM IZ TERMOVIZIJSKE SLIKE, **N. Bogdanović**, magistrska teza, Univerzitet u Beogradu, jun 2001.
- ❖ RESEARCH AS A TOOL FOR REPORTING: SEXUAL VIOLENCE AGAINST ADOLESCENT FEMALES IN SERBIA - A CASE STUDY FROM THE REGION, **B. Branković**, Int. conference "Setting common standards for a regional CEDAW report", Sofia, Bulgaria, April 2001.
- ❖ TAMNA BROJKA: ISTRAŽIVANJE SEKSUALNOG NASILJA NAD ADOLESCENTIMA U JUGOSLAVIJI, **B. Branković**, Međunarodni skup "Seksalno uznemiravanje i zlostavljanje žena i djece", Bečići, septembar 2001.
- ❖ TRAFFICKING IN CHILDREN FOR THE PURPOSE OF SEXUAL EXPLOITATION - SITUATION IN FRY, **B. Branković**, Conference "Protection of children against sexual exploitation", Budapest, Hungary, November 2001.
- ❖ WOMEN'S HUMAN RIGHTS IN SERBIA - DRAFT REPORT, **B. Branković**, International conference "Monitoring and reporting on women's human rights in the Balkan countries", Sofia, Bulgaria, November 2001.
- ❖ POZNOANTIČKI GROB IZ OKOLINE GAMZIGRADA, **J.Kelečević, M.Popović, i V.Filipović**, Razvitak 207 - 208. Zaječar, 2002.
- ❖ HEAVY METALS FROM IMMERSSED SOIL AS POTENTIAL POLLUTANOS OF LAKE ACCUMULATION, **D.Manojlović, M.Todorović, P.A.Pfendt, V.D.Krsmanović, R.Golubović**, Fifth Internat. Symposium on Environmental Contamination in Central and Eastern Europe, Prague, Czech Republic, 2000.
- ❖ EMISIJA TEŠKIH METALA IZ POTOPLJENOG ZEMLJIŠTA U VODI AKUMULACIONOG JEZERA, **D.Manojlović, M.Todorović, P.A.Pfendt, V.D.Krsmanović, R.Golubović**, IV Jugoslovenski simpozijum "Hemija i zaštita životne sredine", Zrenjanin, septembar 2001.
- ❖ TORNIČKA BOBIJA - POLIGON ZA GEOLOGIJU, **V. Jovanović, R. Golubović**, I konferencija "S planinom u novi vek", Kopaonik, septembar 2002.
- ❖ CHEMICAL EDUCATION IN PETNICA SCIENCE CENTER - STUDENT PROJECTS DURING 1990 - 2000, **N. Jevtic, Lj. Peric**, 1st IOSTE Symposium for Southern Europe 2001, Nicosia, Cyprus, June 2001.
- ❖ CHEMICAL EDUCATION IN PETNICA SCIENCE CENTER, **N. Jevtic, Lj. Peric**, XL Savetovanje Srpskog hemijskog društva, Novi Sad, januar 2001.
- ❖ ENVIRONMENTAL PROJECTS IN PETNICA SCIENCE CENTER - YUGOSLAVIA, **V. D. Krsmanovic, N. Jevtic, Lj. Peric, M. Todorovic**, 4st International Conference of the Balkan Environmental Association - Transboundary Pollution, Jedreni, Turkey, 2001.
- ❖ PROBLEM SOLVING IN ENVIRONMENTAL EDUCATION: POLISH-YUGOSLAV EXPERIENCE, **I. Maciejowska, N. Jevtic, Lj. Peric, M. Todorovic, V. Krsmanovic**, IV Jugoslovenski simpozijum "Hemija i zaštita životne sredine", Zrenjanin, septembar 2001.
- ❖ PROBLEM SOLVING IN ENVIRONMENTAL EDUCATION: THE OPINION OF STUDENTS, **I. Maciejowska, N. Jevtic, Lj. Peric, M. Todorovic, V. D. Krsmanovic**, 4th Internat. Conference of the Balkan Environmental Association - Transboundary Pollution, Jedreni, Turkey, 2001.
- ❖ ŠALITRENA PEĆINA - BREŽĐE, **Ž. Jež, A. Starović**, Godišnji sastanak pristorijske sekcije Srpskog arheološkog društva, Beograd, novembar 2001.
- ❖ THE PETNICA SCIENCE CENTRE, **V. Majić**, Science Education Newsletter, London, UK, November 2000.

[research]

in touch with real science

Parallel to its educational programs, Petnica Science Center is engaged in various research projects. This kind of "research fitness" helps the staff to transfer not just facts, methods and actual interpretations, but the real experience to inquisitive students.

In spite of the fact that not so numerous PSC staff has to prepare and organize more than 150 different programs each year, the team has significant results in "real" science also. On these two pages there is a list of 47 published science paper written by PSC professionals and heads of educational programs in 2001 and 2002. Many of them are engaged in various projects and programs of different scientific institutions as well as in government development projects. Such activity enables PSC to keep pace with other institutions worldwide that share the same interests, i.e. science in education and education in science. Presentation of Petnica model and ideas at international conferences is a necessary step toward wider recognition and full-scale international programs ■
